fire to the rain / and follow the lyrics below. Focus on the past tense.

I let it fall, my heart

And as it fell you rose to claim it.

It was dark and I was over

Until you kissed my lips and you saved me.

My hands, they were strong

But my knees were far too weak

To stand in your arms

Without falling to your feet

CHORUS

But there's a side to you

That I never knew, never knew

All the things you'd say

They were never true, never true

And the games you play

You would always win, always win

But I set fire to the rain,

Watch it pour as I touched your face,

Well, it burned while I cried

Cause I heard it screaming out your name, your name!

When I lay with you

I could stay there

Close my eyes

Feel you here forever

You and me together

Nothing gets better

CHORUS

I set fire to the rain

And I threw us into the flames

Well, it felt something died

Cause I knew that that was the last time,

the last time

Sometimes I wake up by the door

That heart you caught must be waiting

for you

Even now when we're already over

I can't help myself from looking for you
